

ED HERDIECH

Chief Financial Officer

Edward Herdiech serves as LogMeIn's Chief Financial Officer. Having joined LogMeIn in December 2006, Ed has served in several key financial leadership positions and played an integral role in LogMeIn's growth from a startup with \$15 million in revenue to a publicly traded market leader with more than \$200 million in revenue. Prior to joining LogMeIn, Ed held a number of finance positions at Parametric Technology Corporation, a leading provider of 2D and 3D design software, product lifecycle management software and service management solutions.

Ed received his B.S. in Business Administration with a concentration in Accounting from the University of Vermont in 1989.
