

# WILLIAM WAGNER

President & Chief Operating Officer

William Wagner serves as LogMeIn's President and Chief Operating Officer. Bill is responsible for leading LogMeIn's worldwide operations and go-to-market activities. A cloud and technology industry veteran, he was previously Chief Operating Officer at Vocus, a cloud-marketing software company, where he led the sales, marketing, and services organizations. Prior to that Bill held several executive marketing and sales roles, including Chief Marketing Officer at Vocus, CMO at Fiberlink, a leading enterprise mobile device management company, as well as various sales and marketing leadership positions at AT&T.

He holds a B.A. in History from Lafayette College, and an M.B.A. from The Wharton School of Business.
